Fun Activities

Animations Soirée Déjeuner 2025

Casino animation

For an exceptional evening !

At the beginning of the evening, you will be given tokens to play the different games available to you: Roulette, Black Jack, Poker, etc.

Croupiers will be on hand to explain the rules and how the games work. The games will be self-service for employees for a set period of time.

At the end of your activity, each participant will be able to win one of the prizes on offer (if this option is chosen) according to the amount they have wagered.

Old wooden games

Fall back into childhood

What could be better than the traditional games of yesteryear to rediscover the pleasure of sharing an authentic moment ! Let's go back in time with this Flemish games animation and discover what period games can do for you...

Objective

Like a recreational moment between colleagues where the only rule is fun, this animation of old wooden games invites you to develop your team spirit as well as your collaboration !

Procedure

This pack combines multi-player games such as the sliding table, bungee pool, cooperative tower and balance game, with single-player games such as Dutch billiards and Japanese billiards.

The games can be played freely or as a team challenge.

Arcade games

Fall back into childhood

Recapture your childlike spirit by playing these timeless arcade games !

- Table football (classic or XL format)
- Pool table
- Street fighter arcade
- Dart board
- Air hockey
- Pinball machines
- ...

Derkreiss seminar - 300 people

What can we say about the Beach Party, which was moved back to the Palais des Congrès because the weather was a little too cool? It was a huge success with everyone, from the meticulously thought-out decor to the fun activities. The cocktail entertainment was also a huge success, with perfect mojitos and two very friendly bartenders!

To sum up : top quality services, a top team and a great deal of flexibility that you don't necessarily find with all event suppliers.

Gastronomy activities

Cocktail and Flair

Discover new flavours

Flair or 'freestyle bartending', a very popular trend in France, is the art of juggling bottles, glasses, ice cubes and other bar equipment to create a cocktail to the delight of the guests, and allows drinks to be served with great dynamism. The bartender performs a series of tricks to create a cocktail that is ready to be enjoyed.

Programme (adjusted according to the programme, number of guests, etc.) : presentation of the cocktail, history of the cocktail, bar equipment. The bartender creates a smoothie (tasting in a 4cl glass). The bartender makes a gin fizz (tasting in a 4cl glass). The bartender creates a tiered shooter (tasting in a 4cl glass). Demonstration of Flairbartending (acrobatic bar). Making a mojito (tasting in a 33cl glass).

Options

You can choose your drink, for example Spritz, Mojito, Caïpirinha, Gin and tonic... The group will choose the same type of drink with its possible variations

- Show flair
- Soft cocktail
- Alcoholic cocktail

Oenology

Develop your palate and nose

Wines: sight, smell, taste, awaken your senses.

Our oenological activities offer you the opportunity to use wine as a vehicle for communication by organising high-quality, made-to-measure, turnkey events.

As your prospects, customers or staff discover fascinating worlds, they will awaken their senses and learn the art of sensory analysis.

This activity can be organised during an evening or a meal.

Our specialist sommelier will help you discover or rediscover the hidden treasures of wine.

Options

You can choose the colour of your wine and/or the provenance.

5 à 20 persons

Artistic and musical activities

Animations Soirée Déjeuner 2025

Singer, musician or DJ

Liven up your party !

Bring a touch of music and atmosphere to your meals!

Depending on the repertoire you choose, we can provide musical entertainment with a musician and singer: guitarist, piano, accordion, the possibilities are endless! Jazz, classical, French or international variety, etc.

We can also arrange for a DJ to heat up the dance floor throughout the evening.

We can also get your evening off to a musical start with a saxophonist.

Our team can adapt to your catering or seminar venue.

Activities last from 1 hour to the whole evening, depending on your timing.

SEMINAR ROTHSCHILD and Co le Touquet 160 people

For the evening - A huge success. We really liked the venue. It was warm, the dinner delicious and the atmosphere festive. A huge well done to the musicians, they were incredible.

Musical entertainment

Studio machine or giant piano

Record your on-hold music live.

In the form of team building, in groups of 4 people, go over the recording table and then choose your company's future on-hold music.

A giant piano on the floor that produces melodic sounds and where each key lights up when you touch the keyboard.

It's a revolutionary concept that's ideal for your business or private events. It's a fun and entertaining way to liven up a seminar, convention or team-building event.

Objective

Working together on a joint musical project

Close up

Everything is an illusion !

CLOSE-UP MAGICIAN, MAGIC THAT HAPPENS RIGHT BEFORE YOUR EYES

By 'close-up' we mean close-up magic that takes place just a few centimetres from the spectators' eyes. The magician's magic is friendly, modern and dynamic, and will fit in perfectly with your event. Close-up magic has a number of advantages over other types of entertainment, as it creates conviviality and a certain connection between the magician and the guests.

CLOSE-UP MAGIC DURING A MEAL

Guests are gathered for a meal. The magician passes among the tables between courses, performing tricks with cards, coins, ropes, everyday objects, etc.

CLOSE UP ON THE ROAD

This is the ideal entertainment for an aperitif, for example during the vin d'honneur at a wedding or a professional cocktail party. The magician wanders among the guests, who are often standing with a glass in their hand.

AG2R la Mondiale seminar

We wanted to thank you for your invaluable advice. The magician was really TOP!

Djumbé

Set the mood for the space and the group

Learn a rhythm, a melody and reproduce it together, with everyone helping to get the music right.

As a group activity, different rhythms will be learnt and everyone will bring their own melody for a concert all together!

Blind test / Karaoke

It's your turn to sing !

Liven up your evenings with entertainment, choose your own theme or repertoire: the 80s, disco, French or international music, etc:

Our entertainer will come with the necessary sound equipment for a guaranteed atmosphere and will set up musical quizzes and blind tests.

He will adapt to your specifications: entertainment before the meal, entertainment between courses or just before dancing - anything is possible!

We adapt to your catering venue or seminar.

LA POSTE SEMINAR: Touquet Express activity & evening.

The evening was a success too. The dance floor went into overdrive.

Souvenirs, goodies

Keep track

As every company seminar is unique, we will work with you to establish the objectives of the photo reportage for your company seminar or teambuilding.

We will produce a photo and/or video report from the moment the team-building participants leave until they return.

Photographs and videos of the activities and challenges organised during the corporate seminar. Photographs and videos of the venue, and atmospheric photos of the whole seminar.

If you would like signs of recognition for each team or goodies :

- Bandanas in different colours
- T-shirts in your colours
- Bottle with your logo
- ...
